

## LONG-TERM LOCKERS: TERMS OF USE

**By borrowing the locker key, you agree to the terms of use listed below!**

The lockers are intended **exclusively for storing the following items:**

- Items from the stock of the University Library that have been issued to your library account.
- Items from other libraries that you have borrowed there.
- Study material such as notepads, folders, lecture notes, stationery.

**Please do not store these things in the locker:**

- **Food or drinks** (apart from bottled water): Any such items will be removed by University Library staff without the right to reimbursement.
- **Valuables** such as laptops, mobiles etc.

The **standard loan period is 28 days**, starting on the day the key is issued at the information/service desk on the ground floor of the library. You can repeatedly extend the loan period for an additional 28 days, unless someone else has reserved the locker. You will be fined for exceeding the loan period or late renewals.

If you lose the key, please contact the library staff at the information/service desk on the ground floor. You will receive your belongings (after some formalities), but you will also be charged a fee of €35 for the installation of a new lock.

**The lockers are checked by library staff at regular intervals and will be cleared if these terms of use are violated.**

### Disclaimer

The Ruhr University Bochum assumes **no liability** for the loss or theft of or damage to the objects which are stored in the locker!
